

Front Line Demonstrations (FLD)

Introduction Of New Hybrid With Disease Tolerance In Sunflower										
SN	Title	Thematic Area	Crop Category	Crop Name	Variety / Hybrid Name	Farming Situation	No. of demos	Area (ha)	Season	Previous Crop
1	2	3	4	5	6	7	8	9	10	11
1	Introduction of new hybrid with disease tolerance in Sunflower	Use of host resistance for disease management	Oil seeds	Sunflower	RSFH -1887	Rain-fed/Irrigated	12	5	Kharif	Greengram/ millets
Integrated Crop Management In Greengram										
2	Integrated crop management in greengram	ICM	Pulse	Greengram	BGS-9	Rain-fed	12	5	Kharif	Old varieties of greengram
Integrated Management Of Pink Boll Worm In Cotton										
3	Integrated Management of Pink boll worm in Cotton	Crop protection	Cash crops	Cotton	Bt. Cotton	Irrigated / Rainfed	10	5	Kharif	NA
Weed Management In Pigeonpea										
4	Weed management in Pigeonpea	Crop management	Pulses	Pigeonpea	TS-3R	Rain-fed	12	5	Kharif	NA

FLD: 5	Demonstration Of Direct Seeded Rice Method									
5	Demonstration of Direct seeded rice method	Crop cultivation methods	Cereals	Paddy	BPT-5204	Irrigated	10	4h	kharif	Paddy
FLD: 6	Management Of Stall Fed Sheep Farming For Better Body Weight Gain									
6	Management of stall fed sheep farming for better body weight gain	Sheep rearing	Animal husbandry	Sheep	Kenguri	Shifting location	10	10 animal each	kharif	-
FLD: 7	Popularization Of High Yielding DHN-6 Fodder Crop									
7	Popularization of high yielding DHN-6 fodder crop	Introduction of fodder crops	Fodder	Fodder grass	DHN-6	Irrigated	5	2	Kharif - rabi	-
FLD: 8	Nipping In Chickpea And Pigeonpea									
8	Nipping in chickpea and pigeonpea	Crop management	Pulses	chickpea and pigeonpea	TS-3R / BSMR736 / JG11/ Jaki	Rain-fed /irrigated	15 each crop	6+6	kharif - rabi	-
FLD: 9	Use Of Vegetable Special As Sources Of Micronutrient									
9	Use of vegetable special as sources of micronutrient	Micronutrient management in vegetables	Vegetables	Tomato/Okra/ gourds/beans	Private company varieties / hybrids	Irrigated	10	4	Kharif - rabi	-

FLD:10	Integrated Crop Management (ICM) In Citrus									
10	ICM in citrus	Horticultural crop	Fruit crops	citrus	Kagzi lime	Irrigated	5	0.5	kharif - rabi	-
FLD:11	Integrated Crop Management In Transplanted Pigeonpea									
11	ICM in transplanting pigeonpea	Crop husbandry & management	Pulses	Pigeonpea	TS3-R	Rainfed	5	2	Kharif	-
FLD:12	Demonstration Of IDM Module For Management Of Wilt In Pomegranate									
12	Demonstration of IDM module for management of wilt in pomegranate	Crop protection	Horticulture	Pomegranate	Bhagva	Irrigated	2	0.8	kharif - rabi	-
FLD:13	Demonstration Of Drum Seeded Rice In Paddy									
13	Demonstration of drum seeded rice in paddy	Drudgery reduction	Cereals	Paddy	BPT-5204 /Kaveri sona	Irrigated	10	0.5	Kharif	Paddy
FLD:14	Varietal Demonstration In Tomato For Yield And Disease Resistance									
14	Varietal demonstration in tomato for yield and disease resistance	Use of host resistance for pest /disease management for high maximization	Vegetables	Tomato	Variety	Irrigated	5	2	Kharif	-

FLD:15	Demonstration Of Improved Millet Cultivars For Yield Enhancement									
15	Demonstration of improved millet cultivars for yield enhancement	Crop improvement by new varieties	Millets	Paddy	HMT-101 DHFT-109-3	Rain-fed	10	4	Kharif	-
FLD:16	Demonstration Of Nutritional Garden For Marginal Farmers									
16	Demonstration of nutritional garden for marginal farmers	Nutritional security for malnourished families	Vegetables	Paddy	HMT-101 DHFT-109-3	Rain-fed	10	-	Kharif / rabi	-
